

### Meet Premise Health

At Premise Health, we apply our experience to create a better healthcare experience for you. We manage and carefully screen and staff the Health Center with an experienced, professional medical team.

We believe that translates to helping you keep your edge in everything you do. To us, that means you're at your best – at work, at home and everywhere you go.

How do we do it? Again, it all comes down to experience. We manage more workplace health centers than anyone in our industry. So we know what it takes to help people get, stay and be well.

### Your Family's Health Partner

The Board of Trustees of the Chicago Regional Council of Carpenters Welfare Fund (CRCC) cares about the health and well-being of their members and wants to ensure that you and your family have **exclusive access to quality, comprehensive healthcare** – at **no out-of-pocket costs**. That's why CRCC has partnered with Premise Health to create the Carpenters Center for Health, your family's health partner.

**CRCC believes being healthy is about being at your best, every day** – and knowing where to turn when you don't feel quite right.

### Your Privacy is Our Priority

Your personal health information is confidential and your data will be kept secure. The Carpenters Center for Health will operate in accordance with HIPAA and work diligently to protect all health records. Premise Health cannot share any personal health information without your permission. Rest assured, your personal health information will not be shared with CRCC. Additionally, Premise Health will operate through a private network and software systems that cannot be accessed by other members or CRCC's staff. Notice of privacy practices are available for review within the Carpenters Center for Health.

The Carpenters Center for Health is an **innovative patient centered medical home (PCMH)** that provides a wide array of high quality **primary care and preventive services along with acute and urgent care**. In addition, there are condition management and patient education services available. The PCMH is all about strengthening the provider-patient relationship, **providing whole-person care**.

Your Family's Health Partner

## Comprehensive Healthcare Services

We're here to change the way you experience healthcare – making it easier, more accessible and more affordable than ever. When you visit the Carpenters Center for Health, you'll find a convenient, inviting, comfortable healthcare setting, and one that provides you and your family with comprehensive healthcare services.

- Routine Primary Care
- Annual Physicals
- School and Sports Physicals
- Clinical Lab Services
- Immunizations and Vaccinations
- Disease/Condition Management
- Women's Health Services
- Educational Programs
- Referral to a Specialists

You and your family can utilize the Carpenters Center for Health as your primary healthcare provider. So no more running around town for checkups or tests.

The Carpenters Center for Health is your one-stop shop, conveniently located at the CRCC's Lisle Campus.

## Eligibility

Access to the Carpenters Center for Health is available to members (including spouses and dependent children, ages 2 and up) who are **eligible and enrolled in comprehensive medical benefits under the Chicago Regional Council of Carpenters Welfare Fund's Active, Retiree and Low Cost Plans.**

## Affordable – No Out-of-Pocket Costs

Utilizing the Carpenters Center for Health is cost effective as all services provided at the Health Center are free of charge for eligible members and dependents.

## Experienced, Quality Staff

The Carpenters Center for Health staff includes a Doctor as the Medical Director, Nurse Practitioner, Registered Nurse, Health Condition Manager (also a Registered Nurse), Medical Assistants, Health Center Manager and skilled support staff.

Premise Health carefully screens and staffs the Carpenters Center for Health with qualified providers ready to deliver exceptional care to you and your family. The staff are caring professionals, with a strong preventive care philosophy, proven expertise and clinical excellence. Anyone working at the Carpenters Center for Health is an employee of Premise Health and not an employee of the Chicago Regional Council of Carpenters or its affiliates.

## Disease Management and Educational Programs

The Carpenters Center for Health provides Disease/Condition Management Programs to help manage chronic health conditions (an illness lasting three months or more) such as asthma, diabetes, high cholesterol, hypertension, and more.

The Carpenters Center for Health also offers educational programs that focus on prevention and lifestyle improvement – with the goal to identify and reduce health risks and ultimately prevent illness and disease.

## Convenient and Accessible

The Carpenters Center for Health provides convenient hours, making it easy to obtain appointments and services without a long wait. You and your family can spend more one-on-one time with the medical staff and won't feel rushed.

## Hours of Operation

Mon., Tues., Wed., Fri., 8 a.m. – 5 p.m.  
Thurs., 10 a.m. – 7 p.m.

## Location

Conveniently located at **CRCC's Lisle Campus:**  
4979 Indiana Avenue, 3rd Floor, Lisle, IL.
